

Love is showing others how much they matter to you.

Read: Jeremiah 29:11

DAY
1

Stars in the Sky

This week at church, you heard the story of Abram and how God promised him a family as many as the stars in the sky.

Draw a picture of stars in the sky. Fill the page as much as you can. Use this paper as a reminder that God always keeps promises.

KNOW that God always keeps promises.

DAY
3

The Plans

With the help of an adult, look up the audio for Jeremiah 29:11 (NirV)*. Listen to the person reading the verse aloud to you a few times. Ask an adult to help you create your own audio recording of Jeremiah 29:11 using a device. Listen to your verse recording to help you learn this verse!

**YouTube is a great place to search with the help of a parent.*

THANK God for always having a plan.

DAY
2

That's the Plan

Have you ever created a plan? Maybe it was a plan for your day, a game, or something you wanted to build. Did the plan go your way? Can you think of a time that it didn't?

Take a few minutes and make a plan to talk to God every day. Write out your plan and post it somewhere you see it daily.

ASK God to help you keep your plan.

DAY
4

Loved

God created the world and everything in it! God also created you to love and to take care of what is in the world. Talk to God and ask for help to love those around you in the world.

Dear God, Thank You for creating this amazing world and everything in it. I pray that I can see Your plan for my life. I pray that I can see others and the world around me and I can love it like you do. Your creation and those in it are amazing and I pray I can always see that. I love you, God. Amen.

LOOK for ways to love God and love others.

God has a plan to show love to the world.
